Email:			
Information about the project			
Title of the project:			
Organism (Tax. ID):			
Sample:	Cell culture genomic DNA Tissue:	Blood RNA	FFPE (formalin fixed paraffin embed.) FFPE RNA other:
Number of samples and study groups:			
Sequencing type:	DNA-Seq other:	RNA-Seq (transcriptomics)	
Anything you would like to add:			
Genomics Lab will process your request soon and offer suitable approaches, recommend sequencing processes and estimate costs for your project.
