

Scientific Advisory Board

The members of the HGNI advisory board are internationally recognized scientists in the research field of the HGNI.

The scientific advisory board has the following duties:

- Recommendations on important HGNI personnel decisions.
- Recommendations and opinions on the design of the qualification concept of the HGNI.
- Recommendations and opinions on the scientific and / or structural development of the HGNI.
- Participation in the internal evaluation of the HGNI.

Meetings of the scientific advisory board will be held once a year.

Current members of the newly appointed scientific advisory board are:

- [Prof. Dr. Walter Arnold](#)
Research Institute of Wildlife Ecology, University of Veterinary Medicine, Vienna, Austria

- [Prof. Dr. Rudi Balling](#)
