

Centers

In order to create effective organization units beyond institute and location borders and to intensify cooperation in more complex research projects, the TiHo established different virtual centers in which clinics and institutes of the TiHo and other research facilities of the region work together.

- [Virtual Center for canine Neurosciences](#)
- [Virtual Center for Replacement - Complementary Methods to Animal Testing](#)
- [Virtual Center for Infectious Disease](#)
- [Virtual Center for Reproductive Medicine](#)
- [Virtual Center for Animal Health and Food Quality](#)
- Animal Welfare Center
- [Virtual Center for Systems Neuroscience](#)
