

## Press Releases 2015

18.12.2015

### **MERS virus Drying out the reservoir**

A German-Dutch team has succeeded in immunizing dromedaries against the MERS virus. As the camels appear to be the major reservoir of the virus, the vaccine should also reduce the risk of future outbreaks of the disease in humans. [more](#)

---

28.07.2015

### **World experts meet to discuss latest developments in equine genomics**

[more](#)

---

15.04.2015

### **Marine Research in the Museum**

Funding: 420,000 euros for a cooperative project on the health of porpoises, grey seals and harbor seals. [more](#)

---

10.03.2015

### **Novel Pestivirus Discovered in Sheep and Goats**
